EBSCO Discovery Service (EDS) is an online research tool that “pulls together” almost all of our Library resources so that they can be explored using a single search box. EDS provides you with access to your institution's entire collection via a single, customizable entry point - creating an experience that is comprehensive, fast, and familiar.

You are invited to learn more about

- How to access the collections
- Basic and advanced search strategies
- Navigating through search results and printing/emailing/saving/exporting articles
- EBooks online and offline download
- How to find all Videos, Company Profiles and Case Study
- Index and Thesaurus searching
- Keeping up to date using alerts
- Creating/ Managing/ sharing the personal folders.
- Questions and Feedback
